

SUBARU IMPREZA WRX STI (CBA-GRB / CBA-GRF)

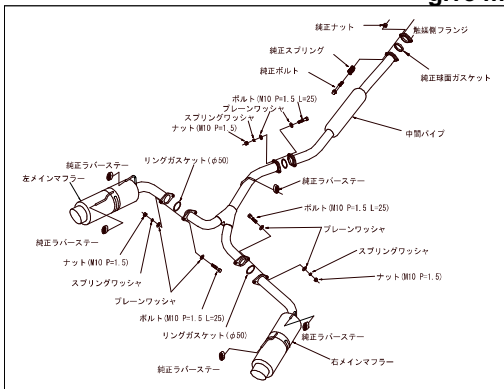

Code No. 31019-AF027

「Lightweight」

The weight of this SPEC-L is only 9.4kg which is only 52% of the 19.3kg stock muffler using stainless steel. This lightweight system is realized through careful reduction of weight in each component such as pipe and silencer rather than just removing sound reducing materials.

「Standard Cannonball-shape」 for Aggressive Appearance

Canon-Shaped silencer is no longer novelty; the newly designed silencer is equipped with impressive carbon-made tips and lightweight. This new design silencer and tips provide high performance, and they give more aggressive appearance.
